

Overshoe

Hands-Free Automatic Dispenser for Disposable Overshoes

Step In and the hands-free overshoe dispenser instantly snaps a disposable shoe cover onto your shoe. No need to bend down, sit down or even touch your toes!

Overshoe disposable shoe covers are elasticated to fit all shoe sizes. Precision engineered to provide durability and reliability, they are non-staining and can be worn with or without shoes.

Overshoe disposable shoe covers are especially texturised to provide grip and prevent slipping even on polished surfaces such as parquet flooring and yacht decks.

Overshoe disposable shoe covers prevent the spread of dirt, dust and footprints, maintaining hygienic zones, protecting clean environments and reducing contamination by foot borne germs.

Overshoe disposable shoe covers dispenser is automatic holds 100 overshoes and is quick and easy to re-load

Overshoe disposable shoe covers can be used in a multitude of environments:

- Food Industry Processing Plants
- Hospitals & Medical Facilities
- Manufacturing Facilities
- Science Labs
- Clean Rooms
- Show Homes
- General Contractors
